EXPERIENCE

Gather, Atlanta, GA — QA & Support Engineer

OCT 2017 - PRESENT

In 2017, I managed all quality assurance and test management. I managed defect tracking and assisted the Customer Support Team with identifying bugs affecting clients. Since 2018, I have been triaging bugs and reporting solutions to product owners. I also write automated tests in Cypress.io to increase our ratio of automated test coverage vs manual.

Variance Reduction International, Atlanta, GA— Web Developer, Contractor

JULY 2017 - OCT 2017

I worked on a small project team building a contractor management platform for the human resources team at an international management consultancy firm. I worked on the Rails API as well as the React front-end.

Cater Carts, Atlanta, GA— Founder

JUNE 2014 - FEB 2017

I created an online and physical platform for food pop-ups, micro-vendors to be able to sell their menus for catering.

EDUCATION

General Assembly, Atlanta, GA — Web Development Immersive

FEB 2017 - MAY 2017

This 12-week program focuses on the fundamentals of programming and full-stack web development. It taught me how to learn.

Georgia State University, Atlanta, GA — B.S. Film & Video

2007 - 2012

Minor in Hospitality Administration - Fairs, Festivals, and Expositions (J.Mack Robinson College of Business)
